What a Future!

In a way, death is like a birth. The unborn baby can't stay in the womb forever. As it grows it gets cramped and becomes restless in that confined space. It kicks against the tummy walls of its mother wanting to get out; yet it could never imagine life outside the womb. At the right (God's) time, it passes down into that dark birth tunnel. After a painful struggle it enters a life of light, freedom and love — a life it could never have imagined.

In a similar way, we can't stay in this world forever. God has planned a far better life for us. As we age we find ourselves kicking against the tummy walls of this world. We kick against losing our health, independence and peace. All that wants to get us turning to Jesus and thinking about what life might be like on the other side of the grave. Then at the right (God's) time we pass down into that dark death tunnel, and after a difficult struggle we enter a whole new life of infinite space, freedom and love — a life far better than we could have ever imagined.

We however, are not altogether kept in the dark about that life God has prepared for us. His Son, Jesus, opened up the way through death for us—after the cross and his resurrection. He has come back and told us of some of the wonders that await us; yet that life will still be far more glorious. So learn to know and trust in Jesus and you will experience something of his peace and joy now—with an amazing life with Jesus to come. If you do not look to him, the Bible warns that you will be 'born' into a miserable life; no one wants that!

In John 16:21 Jesus is nearing his end and he compares death to a birth and speaks of the joy that awaits us. St Paul in Romans 8:20-23 writes about being cramped and kicking against the tummy walls of this world as he longs to be born into freedom and that wonderful new life with Jesus.

Come Lord Jesus - Amen

Lee Martin

From the CEO

As mentioned in my Tit Tat article last month - winter is upon us - little did I know at the time it would be so wet and so very cold so quickly. I do hope you are all staying warm and dry. Locals are telling me that we need the rain to ensure a good year in 2017. The Barossa Valley is a pretty picture now with the new growth of the various crops.

Did you have the opportunity to see the Police Band when they visited the home. Thank you to Rachel Fritz and her staff for the work behind the scenes to make it happen. There was a very good turnout for both concerts. Please remember if you do know of some good entertainment that is affordable or free let Rachel and her staff know so we can organise them to visit.

It has been nice to see the newly appointed staff have all settled into their new roles and getting on with the job of looking after everyone. Thank you to everyone for making them welcome and assisting in ensuring we continue to provide great care and support.

The facility was fortunate to gain the support from the Federal Electoral Commission in providing the Mobile Voting Booth service. A number of residents took the opportunity to attend and vote early. This is planned to be a common service to be provided in the future - thank you to Ann O'Donnell for organising the mobile voting booth service. Please ensure you check the mail and noticeboards for notification of any visiting services to the facility.

The current Federal election promises are coming thick and fast - one wanting a parliament enquiry in to the funding of aged care and another stating it will spend \$52 million on teaching senior citizens how to use mobile phones and other technology to communicate with family and stay in contact. The funding of aged care remains the greatest issue for the industry - with the CPI increases and reduction of funding there is a growing need to establish new services and other ways of raising funding to continue to provide residential care and support to those who need it.

With pleasure it is announced that France Nesci Homes have been selected as the preferred Builder for the 25 Bridge Street project. Three Tenders were received and reviewed. It is hoped the construction work to build three units commences soon. If you know someone who may want to reside in the units please refer them to Carolyn Redden.

Due to the wet weather the work on the Langmeil site has been delayed. Planning has commenced on the Nuriootpa site with a good attendance at the first planning meeting. Construction at the 120 Menge Road site remains on track. Refurbishment works in ABG are continuing with the remodelled kitchenette nearing completion.

We continue to farewell staff and welcome new staff and volunteers. We hope all the new residents are settling in and feeling comfortable - if you have any ideas on how to improve things please let us know. Go the Crows - what a game they had on Thursday last week.

VALE - CECILIA SZILI

Died in Queensland 14th June 2016 aged 95

Beloved mother of Cecilie Noack—

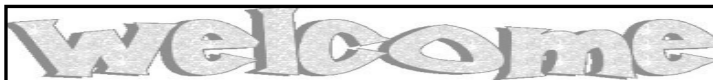

TLH Volunteer

Our deepest sympathy to Cecilie and family

Like Cecilie, Cecilia too was an active volunteer when in care at TLH and generously gave of her time and amazing talents. Over the last ten years Cecilia used her crochet skills in diverse ways—many garments and novelties were sold which helped finance the new Gramp Chapel. A major successful project was the repair of a large crochet heirloom table cloth. Cecilia at this time was living in Dalby with another daughter, Julie and the tablecloth was sent up for repairs. Cecilia was thrilled to have this challenge which relieved her frustration and boredom. She painstakingly repaired numerous holes in this heirloom, restoring it to its original magnificent condition.

Cecilia's funeral was at Dalby Lutheran church on 20th June.

Rest in Peace

MONTHLY VOLUNTEERS' MORNING TEA 7th June 2016

Fellowship was warm at the Volunteers' Morning Tea provided by Chef Catherine and the Kitchen staff, and presided over by Rachel, Manager of Volunteers. Many birthdays were recognised and good wishes expressed.

Can you Help? If anyone would care to support this project with donations of planter boxes, potting soil, fertiliser, plants, cuttings or monetary gifts, we would be most grateful.

If you can help, please contact Rachel Fritz or Joan Minge, 28 Schiller Crt—phone 8563 2062.

Sensory Garden—Topic for Rachel's sharing this month was the Sensory Garden to be developed in the Protea garden. Having been started previously by Carolyn Redden and the Garden Club, it will be further developed using plants to see, smell and feel. Herbs will also be a feature of the garden.

A very gracious lady mailed an old family Bible to her brother in another part of the country.
 “Is there anything breakable in here?” asked the postal clerk. “Only The Ten Commandments.”

TABLE GRACE

Family and Friends Worship Service

Families and friends were invited to join TLH residents and Independent Living residents for worship in the Chapel on Sunday 5th June. Residents were escorted or wheeled to worship by members of Schoenborn Lutheran Congregation. Conducted by Chaplain John Thiel, the 117 strong congregation was led in hymn singing by organist Glenis Kupke and trumpeter Neville Alderslade. Scripture lessons were read by Errol Weiss.

Pastor John based his address on Galatians chapter 1 verses 11-24—"Good News that demands to be shared; Good News that we are saved by Jesus Christ - and faith in Him alone and by His grace."

How fitting it was for soloist Gina Nelson, a carer at TLH, to share with us the "Amazing Grace" of Jesus through song, and also "Hallelujah" during the offering—thank you Gina!

And Thank You to all family and friends who joined loved ones to worship their Saviour and partake of the Lord's Supper together as a family unit—a very special worship service for all—To God be the glory.—*Joan Minge*

Married 72 years!

*Heartiest
Congratulations*

Walter and Hilda Randall
What an amazing milestone!

On 17th June Walter and Hilda
of unit 10 – 4 Fourth Street
celebrated their 72nd Wedding Anniversary!
*Our warmest congratulations to you both
on this very special occasion.*

They both grew up in Wigan, County Lancashire. In 1944 at the height of WWII Walter was granted special leave from the Air Force to marry Hilda. On 17th September the following year, Hilda gave birth to their daughter born on Hilda's 21st birthday. Seven years later, they made a momentous decision to migrate to Australia with their daughter Heather, seven years old, arriving at Port Adelaide on 22nd December 1952. They lived at Elizabeth Vale and Moonta Bay before making the move recently to their current IL unit here at TLH.

Sadly, Heather died in 1998. Walter and Hilda have four grandchildren, one of whom, Jane Furnell, lives at Nuriootpa. Their son Mel lives at Jamestown and is a school teacher at Peterborough.

Profile

Robert (Neville) Alderslade OAM —Gifted Musician

Most people know Neville, or have heard of him, because of his service to the community through music. He has been a prominent bandsman here in the Barossa for many years and in fact has generously contributed his time and talents for most of his life wherever he happened to be living. Here at Tanunda Lutheran Home, Neville is well known at Barossa Club, in the Chapel on Sundays accompanying hymns on his trumpet, and is often seen getting around the property on his red gopher. Here is Neville's story.

Neville entered the world in 1934 at Bendigo, Victoria, fourth child of Ernest (a Welshman) and Barbara (Scottish). Ernest was blessed with a good singing voice. He served as a soldier in the Welsh Guard and fought at Gallipoli in WW1. Though gassed in the horrific warfare, he survived, but suffered throughout life as a result of injuries. In 1927 Ernest migrated to Australia ahead of Barbara, as he was offered employment in Queensland as a galvaniser. Unfortunately, there was no work available after all—they were hard economic times—so they were forced to move to Victoria in search of employment. The couple ended up in Bendigo where Neville was born. His father obtained a job as green keeper, then with the Australian Army. Ernest was too old to be sent overseas but as Warrant Officer 2, served in Medical Supplies.

There were three boys and two girls in the family. Neville's schooling up to Year 8 was at Bendigo, Melbourne and Rosebud. Due to distance and war time petrol rationing, Neville was unable to continue with secondary education. He well remembers the joyous day peace was announced; he vigorously pulled the school bell and broke the rope!

Neville's first job was painting houses at Rosebud and it wasn't long before he joined the local Preston Band which was then the top A Grade band. His brother Jack, born in Scotland, was a good tuba player. Their father bought an old cornet and Jack taught Neville to play this instrument, but only in the C major scale. These were the only lessons Neville ever had—the rest was by trial and error! "From the seat of our pants, we learned to play," Neville says. His mother was an accomplished pianist, so, born of a musical family, Neville soon became an expert trumpeter and his whole life revolved around music. When living in Mildura, Neville joined the Band there, also the Symphony Orchestra.

It so happened that the Mildura Band arranged a long weekend trip to Broken Hill, staying at the Grand Hotel. Little did Neville realise this trip was to change his life for the better and bring much happiness. A gorgeous young waitress, Edna Johns, was working at this hotel. Neville was quick off the mark and beat his young fellow musicians to chat up this young lady. As a result, the enterprising would-be suitor took Edna to the Saturday night dance at South Broken Hill by local bus! But Neville didn't dance, because he was always playing FOR the dances! Nevertheless, this was the beginning of a life-long romance. But Edna had to start work back

at the hotel early next morning so Neville walked her home from the bus stop in Argent Street. Edna kissed him goodnight—and Neville never remembered walking back to the hotel! He wrote her a letter every day from Mildura where he was a painter in the railways. He drove a Singer sports car and visited Edna once a month. Neville still has the crystal wine glasses he gave Edna for her 21st birthday. They were married in the Presbyterian church in Mildura at the time of the record 1956 flood.

Neville's mother was listening to the Sunday Morning Band Parade radio program in Mildura and was impressed by the high standard of the Tanunda Town Band on air. She promptly wrote to the Band asking them if they would like two good players—Neville and his brother Ernie—so Neville joined the TTB in 1957 and the rest is history! Moving to Tanunda, the family joined the Tabor Lutheran Congregation and Neville was christened as an adult. Neville insists that Edna became his biggest supporter—every award he had "was really Edna's."

Continued.....

Profile *continued*

Neville and Edna travelled all over the world with the TTB to Toyko, New Zealand, Singapore, Hong Kong, Malaysia, Penang. Some were trade delegations financed by the government. The time came when Neville was due for early retirement. He was a distiller and painter at Seppeltsfield and was also restoring old buggies and historical equipment. This is where Neville learned to converse in the German language—he is blessed with a retentive memory. He had contracted polio as a boy prior to starting school and believes treatment from Sister Kenny by way of manipulation and exercise improved his condition. But the pain returned some 20 or 30 years later. He also has had hearing difficulties all his life. In spite of these setbacks, Neville persisted and became a skilled musician, playing soprano cornet in the Tanunda Town Band, 3rd trumpeter for Adelaide Symphony Orchestra, teaching youngsters and conducting the Junior Tanunda Band. Neville was always passionate about training the youngsters to a high level of competence, and regards this as his main calling in sharing his musical gifts. He claims those young people made him a far better musician—it was his biggest thrill to teach them as they were keen to master and improve their talents. He was asked to play at one or even two weddings most Saturdays and cheerfully obliged without charging a fee—it was his contribution to music. He was awarded the Most Improved Bandsman of the Year as well as being recipient of the Order of Australia - Citizen of the Year for Service to the Community through Music. He is Life Member of the Marananga and Tanunda Brass Bands, Band Master of the Marananga Band and was President of the Band Contest Committee. Neville has been a member of TTB for 40 years and Musical Director for 14 years—an amazing achievement. His three sons have played in the Tanunda Town Band and Gordon is still a bandsman.

Neville joined the Army part time - as a Sergeant in the CMF Band (Citizens' Military Force) driving each week to headquarters at Elizabeth. The Band travelled to Melbourne and Neville completed a Band Masters' course. He became a Warrant Officer Band Master. He is grateful for his retentive memory. Now this is hard to believe, but Neville has a newspaper cutting showing him sitting on an old 1951 Mercedes Benz and playing *Post Horn Gallop* on his fully operational .303 rifle! It was part of a fund raiser in Perth for the Variety Club that supports underprivileged and handicapped children.

Neville claims he can even get a recognisable tune out of a garden hose!

With Edna's health declining, Neville and Edna moved to an IL unit in Hilda Schulz Drive back in March 2015. Sadly Edna died later that year. Even though Neville misses Edna very much, he loves living here—he likes spending time at the Barossa Club and enjoys his daily meals cooked in the TLH kitchen. Although he thinks he doesn't play the trumpet well for Chapel, he says that he enjoys accompanying each of the eight excellent organists at services—and of course sharing his special gifts is very much appreciated by the congregation. "It's been a great life," Neville says.

Thank you Neville for sharing your interesting story with our readers.

PLANTS FOR PINERY FIRE VICTIMS

Joan Minge, Anne Schmidt,
Margaret Spike, Dorcas Kernich,
Elaine Leditschke leaving TLH

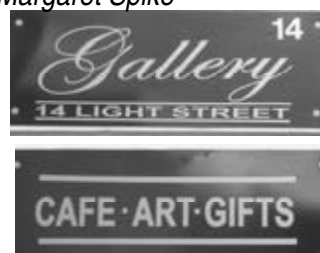

On a recent Saturday morning two of our IL ladies were driving toward Swan Reach when they heard a radio request to supply seedlings, pot plants, shrubs, trees, cottage garden plants, herbs etc to help rejuvenate the devastated area resulting from the Pinery bushfire. As both are avid gardeners and this was a subject dear to their hearts, they decided to organise the supply and delivery of plants etc. They mentioned this to friends and acquaintances, and appealed for plants in the June *Tit Tat*. So this is how the following scenario came about. On Saturday morning 11th June at 9.00am, five carloads of plants left TLH bound for Hamley Bridge. Each car was loaded to the hilt—boot, back seat and front passenger seat—all were full of a variety of plants.

We were the first to arrive at the Hamley Bridge Primary School where volunteers were setting up to receive the plants. As we were unloading, many more cars arrived with their contributions. The organiser of the operation, Wendy Deinum said she had 60 families who had applied to choose and collect plants on the following two days. As it turned out, Wendy reported that 70 grateful families took home collectively close to 5,000 plants that were donated by many different groups and organisations. *"The generosity of those who provided plants and the sincere gratitude of those who received the plants made undertaking this project so very rewarding", Wendy said - "A truly wonderful weekend for all involved."*

Before leaving for home, four of us treated ourselves to lunch at the local Gallery 14 Café (Light Street) where our dear friend Julie (from TLH Café) was helping her friend. Excellent coffee, tasty home made food, good company. If you are ever passing through Hamley Bridge, stop for a break at Gallery 14 Café and also check out the artwork and gifts. –

INDEPENDENT LIVING SOCIAL MORNING Thursday 16th June 2016

Following socialising over morning tea, a receptive audience was thrilled by the expertise and sound of the talented SA Police Band, considered the best professional band in Australia. Tom Pulford, soprano saxophonist, introduced each player and explained the function, range, pitch and key of each instrument. Tom also discussed the talented arrangers and background of many of the tunes they played. The brilliant percussionist is one of the best in Australia.

Much planning is necessary behind the scenes prior to a Military Tattoo—any special event could take three to six months of planning and rehearsals. The highly rated band has travelled extensively overseas and were recently honoured to play in Edinburgh for the 90th birthday celebrations for HRH Queen Elizabeth. When in “Windy” Wellington, New Zealand their pith helmets were blown off by the strong winds for which Wellington is famous. The range of tunes was very well received and much enjoyed. One such tune was *Martha my dear* written by Paul McCartney for his dog! George Gerschwin’s masterpieces were featured—*Fascinating Rhythm* and *Nice work if you can get it*. There was the ragtime *Mississippi Rag* (Scott Joplin), *Maple Leaf Rag* and many other popular tunes.

Speakers Oscar Joppich, Len Gerschwitz and Alison Redden expressed thanks to the Band, the Committee and Kitchen staff who provided a delicious luncheon for 24 diners.
