Chaplain's Reflection

Perhaps this year more than most in living memory, it has been a relief to write off 2020, turn over a new leaf, and start again. Every person, if they had a chance, could write their own story of 2020, and those stories would include themes of grief, worry, frustration, disappointment and loss, but also of many positive things, like personal growth, growth in one's own feeling about what life in this world is all about, and a new resolve to live out one's personal spirituality with integrity and even class, even in trying circumstances. Life goes on, and some people even had the best year of their life. Who would have thought?

Personally I take the view that life is too short to write off any year. It's how we deal with our hard times and challenges that make a year truly good, or not.

I think having a Christian world-view helps too. We say that "God so loved the world that he gave his only Son" (John 3:16). In other words, God engaged with the world. He did not ignore or walk away, or turn his back. He believed in the world even as it was crucifying him. His belief in people is off the scale compared with what we can conjure up, even a belief in ourselves.

So, in Christ's name, we dare to step out, engage with the world again, and hope again. We may do things differently. Some defensiveness may be required. We already know that God loves the people we love immensely, and that's a great starting point. Hoping is worth it.

Bring on '21!

God bless,
Chaplain Ian

A graphic for the year 2021 with a colorful, rainbow-like background and the text "2021 happy new year".

From the CEO

Mr Lee Martin

At the writing of this letter I'm wondering what the world will look like after this festive season finishes. The year 2021 has the potential of being a very different year for many reasons. Before I go into detail of trying to describe the future I would like to acknowledge and thank everyone for your patience, perseverance and lastly the resilience shown to changes that have occurred throughout the year 2020. I'm sure we are all glad we live in the best community, in the best state and in the best / safest country in the world.

2021 will have three (3) major projects happening to see us become renown for our responsiveness to the needs of residents and staff to into the future. I do hope you will all join in and assist making the results positive:

1. The outcomes of the Royal Commission in to Aged Care of 2020 – until the final report is released and accepted by the federal government we will not know what the changes will be but there will be more change to ensure residents are protected and well looked after. Please keep an eye out for any information being passed on through letters or emails. Take care not to take any media as the “truth” – the media are very good at embellishing things to only sell their papers.
2. During 2021 Tanunda Lutheran Home will undergo a major accreditation survey. This survey that occurs every three (3) years will cover all eight (8) standards. Our self – assessment will need to be completed and provided to the department and then a survey will occur any time after April 2021. We will not be given any prior notice of when the regulators will visit so we need to ensure everyone is doing the right things all the time. Staff will be prepared via training that will occur in the first part of the year. We ask residents and families to support us through this process.
3. Tanunda Lutheran Home is about to enter the technology space. Through a federal grant we have been allocated funds to install a number of “robots” to assist staff do the transporting of all types of trollies. At the moment staff are walking on an average a total of 90,000 kilometres a year pushing and delivering various trollies. By using the “robots” staff will be able to be used to increase resident care or increase services to them. The “robot “ project will take most of the year to install but it will be an exciting time when they are finally transitioning through the Home. The “robots” do not run into people and stay away from walls and doors – they can even go up lifts, hills and say a few nice words. Tanunda Lutheran Home will be the first aged care facility in the state to use this type of technology. It is going to be a pleasure to be a showcase Home for others to come and see how we are meeting the challenges in aged care. The “robots’ are not being deployed to replace staff – they will reduce WorkCover issues, enhance resident care and improve services.

In closing, on behalf of the Board, Executive and staff we do thank everyone for making the 2020 successful in many ways. We have survived the year of COVID-19 by working together and supporting each other. As an organisation we have met or superseded all targets set by the aged care industry. We are in a good position to face 2021.

A message from Tania

Barossa Club can sometimes go without notice because we are tucked away just doing our thing. This year in particular during the stop start nature of the COVID-19 restrictions some TLH staff have been true friends to the Club and have been great support.

I just wanted to extend a personal thank you to all of the kitchen staff for their support of the Barossa Club, particularly during the COVID restrictions where we were delivering meals to our wonderful clubbies.

Maintenance are always super quick to respond to any call for help and nothing ever seems to be too much trouble for them. Thank you team.

A huge thanks to Britany, Rachel and Belinda for their unwavering support in all things admin and tech. Massive thanks also to Lucy for always being willing to step up and help me when I need it. Sharryn Hueppauff you have been an exceptional help to me in so many ways, particularly when My Aged Care is giving me troubles.

We'd be lost without our vastly talented band of volunteers in the Barossa Club, with a special mention to Kym Huxtable who has been a rock, driving our Clubbies around without complaint.

I also wanted to highlight our adoration of the glorious Craft Ladies who come in a few times a week and make all of the beautiful things that we sell to make money for the Club to use towards activities. Some of these ladies have been doing this for more than 20 years.

Merry Christmas, see you in 2021!
