## Chaplain's Reflection

### BELIEVING PEOPLE'S STORIES

Somebody told me the other day that a severe frost hit the Barossa a couple weeks ago. Rooves were white, the ground looked like it had snowed. This surprised me because I don't remember any frosts on my way to work. Perhaps frosts, like hot air balloons, are all put away by the time I get to work. But I believed the guy because he is a reliable bloke, though not beyond pulling one's leg on occasions.

History is like that though isn't it. We are never entirely sure, except with really major events, of what is fact and what is fiction. Family history leaves plenty of room for different angles, and for delicious speculation on what has been left out and why. I love the way the story of Jesus in the Bible is told in 4 Gospels: 4 different perspectives, even though each writer is a true believer. One observer alone can rarely take in everything that is going on even before their very eyes. Four accounts from 4 reporters allows us into the story, to bring our own curiosity and conclusions about what really happened.

We at TLH tend a community of people who have experienced as much history as any collective gathering of people. We who work or volunteer here get to hear many stories, and suspect most of them are true, even if sometimes the facts are exaggerated or given the 'rose-coloured glasses' treatment.

How we listen to people's stories goes a long way toward people feeling welcome and included in any community, including ours. It's usually OK to believe a story, especially if the telling of it is life-giving for the person.

I still have my doubts about that frost though

## **Happy end of the financial year & welcome to another new budget 2021 – 2022.**

As I see it a lot happens in a month nowadays. I have no idea how we all cope with how the time flies and all the changes happening around us. What I do know is that as an organisation we are good at supporting everyone and we a great team. Change is necessary so we just get on with making the new way work for us all.

The BIG question – have you had your COVID-19 vaccination. For those who – well done. If you have not as yet, please do make time to get vaccinated. Being vaccinated will ensure your future health – do not delay it any longer.

It's great to see that most of our residents have had both the COVID-19 and annual flu vaccines. All our staff have also had the flu vaccine and now that the COVID-19 vaccine is mandatory for aged care staff we expect they will be vaccinated by end of September 2021.

I'm sure you have heard that there has been another key resignation – Kim Hahn has after many years decided to take on the challenger of managing a facility. Her last day at TLH will be the 23 July 2021. It is good to see that my previous executive team have professionally grown in confidence and ability to take on a senior executive position at a time of rapid change. To both Cherie and Kim, I said the same thing – go spread your wings and fly – they both go with my blessing and I'm still here if they need any advice. I do hope we remain friends into the future.

The robots are coming – fingers cross they will arrive here on the 1<sup>st</sup> September 2021. Projects are about to commence to adjust some doors, upgrade the computer systems and purchase some equipment. This will be an exciting time as many people are wanting to come to TLH to see the robots in action. As part of the introduction process of the robot we do need to name them – please let me know your suggestions. There are three robots in total.

To assist in the infection control process at TLH one of the robots will be travelling around the large common areas and the corridors with an Ultra-Violet light. It has been shown that using UV light can reduce the surface virus and bacteria. By having the three robots we a reducing the touch points (where fingers touch buttons or door handles) by 25,000 times. To gain further understanding of the use of the UV light TLH has partnered with the SAMRI research people to complete a project to confirm the effectiveness of the use of UV light to assist with infection control measures using robotics. Very exciting for TLH to be involved at this level.

Change is inevitable – as you listen to the news you see that the COVID-19 pandemic is far from over. I urge you all to follow the rules where-ever you go. If entering TLH please ensure you check in – if you have any problems the reception staff are there to help. All staff and visitors must wear a mask – we have them at reception. If you would like to purchase some ask the reception staff.

The resulting resignations has allowed me to review who does what around the facility. We have been able to appoint a new finance controller – they will commence duties on the 2 August 2021. Other changes to roles will also be implemented on the 2 August 2021.

It is Census time. During August there will be Regional Census Officers coming around to issue you the Census Questionnaire. Resident in TLH will have assistance to complete the form. Those residents in the retirement villages will have some door knocking to issue the form. If you need assistance to complete the form please tell the Census Officer.

Finally, it is winter, and I remind you all to stay warm and dry. Please use your air conditioners to keep your units warm. Keep hydrated and eat well. If you are unwell let someone know – please do not enter the home if you have cold or flu symptoms. The Olympics are happening this year, commencing in August, held in Japan. Enjoy the competition and good luck to all our athletes – bring back Gold, Silver or Bronze.

### 10 QUESTIONS TO ASK ABOUT RESIDENTIAL AGED CARE

[10 questions to ask](#) is a series of brochures and posters empowering consumers to ask questions about aged care, to assist with selecting a provider that is right for them, and to make the transition to aged care easier.

Written by nurses, doctors and experts with experience in aged care, the brochures address common questions about aspects of aged care such as costs, staffing, palliative care and health services. They are endorsed by a number of advocacy organisations, supporting people with a variety of backgrounds, lived experiences and needs, and include:

[Your cultural needs in residential aged care](#)

[LGBTI needs in residential aged care](#)

[Questions for Aboriginal and Torres Strait Islanders when seeking residential aged care](#)

[Rural and remote residential aged care](#)

Consumers may find these brochures useful when searching for an aged care home, reviewing a home or deciding between two similar homes. It is important for aged care staff to be familiar with the questions in this brochure, as they may need to answer these questions in the future.

Seeking out tools and information to support respectful and inclusive care, is a recommended action in Outcome 4 of the [Action plan to support all diverse people – a guide for aged care providers](#).

Effective use of these brochures may also help you demonstrate [Standard 2 of the Aged Care Quality Standards](#) ‘consumers partner in their ongoing assessment and planning to help them get the care they need.’ They could be made available to a person during your initial and ongoing assessment processes. Providers are also encouraged to consider making the brochures and [posters](#) visible and accessible to new and potential clients.

### INCREASED FUNDING FOR NUTRITION IN RESIDENTIAL AGED CARE

From July this year, the Australian Government is providing significant investment to address concerns around the adequacy of food and nutrition in residential care. This additional funding is included as a key part of the new Basic Daily Fee supplement for residential aged care providers of \$10 per resident per day.

To receive the supplementary funding, providers will be required to:

- enter into a formal undertaking that they will deliver good quality and quantities of goods and services to meet the living needs of residents, with a focus on food and nutrition
- report quarterly to the department on the quality and quantity of daily living services with a focus on food and nutrition.

Reporting will apply to the 2021-22 financial year. More details on reporting expectations and timing will be released shortly.

Please send any enquiries to [nutritioninagedcare@health.gov.au](mailto:nutritioninagedcare@health.gov.au).

## **WEEKLY REPORTING REQUIREMENTS ON AGED CARE WORKFORCE COVID-19 VACCINATION**

It is now mandatory for providers of residential aged care services to provide weekly updates every Tuesday on the COVID-19 vaccination status of their aged care workforce.

Mandatory reporting began for residential aged care providers on 15 June 2021.

Providers of in-home and community aged care services are strongly encouraged to consider and put in place now the systems and processes required for collecting and reporting the required data, and to commence reporting voluntarily.

Further guidance will be provided to in-home and community aged care providers shortly, including expected start dates for mandatory reporting.

The new reporting for providers is to record de-identified data at a service level on the:

- total number of workers at each aged care service, and of those,
- the number of workers at each service who have received a single dose of a COVID-19 vaccine
- the number of workers at each service who have received all required doses of a COVID-19 vaccine.

[Guidance and further information is available via Health.gov.au](#). This page will be updated with FAQs to support providers in meeting their reporting requirements.

## **CONTINUOUS IMPROVEMENT**

- TLH have received a grant to purchase robots to assist with manual handling tasks, we expect to see these onsite in October/November. Renovations around the home will occur to accommodate the use of the robots.
- Meaningful Australia are set to visit TLH in July 2021, providing an introduction to Spirituality & Spiritual Care information to Residents, representatives, staff, volunteers and IRL residents
- Resident Collaboration Committee Photos will be put up around the home within the next month, helping resident to identify their neighbourhood representatives.
- New Zipline system has been implemented at TLH. This new system will help to streamline the check-in and out process at TLH, in line with COVID-19 restrictions. Please see the brochure for more information.
- New look Winter menu! The TLH winter menu now helps identify which dishes are lactose free (LF), Gluten Free (GF) and Vegetarian (V).

## **COMPLIMENTS, COMPLAINTS AND SUGGESTIONS**

During May we received complaints about Care (1), Environment (3), Food & Beverages (4), Laundry (1), Safety (2), and Staff (2) and we are working with the comment maker/s in resolving the concern to the comment makers satisfaction.

Also during May we received compliments about Customer Service (1), Food & Beverages (9), Maintenance (3), Other (1), and Staff (27) and a total of twelve suggestions.

We really value this feedback and thank you for taking the time to communicate your thoughts, opinions and experiences with us.

We would like to thank you for continuing to work with us to increase & improve your satisfaction within your TLH journey.

Take care during July!

# TLH FARM BARN

Have you seen the latest animals to join the chickens?

We have recently had a lamb and it's mother join us at TLH and we are hoping to add some more sheep to their flock.

The lifestyle team are asking for monetary donations to help build the cultural project.

We never thought it would happen and now here it is. The Tokyo Olympics 2021. Join us over the coming weeks in celebrating Australians and sport. We will be theming our activities in the home and will have the Olympics Streaming in the Protea Lounge. Join us to cheer on our Aussies in an Olympic games like none other.

*"EVEN ANIMALS GET COLD"*

One of our special volunteers have knitted scarves for our farm animals to keep them warm on these cold winter nights- Thank you Audrey Leske

## OSCAR JOPPICH OAM

Oscar was born in country Australia on 31<sup>st</sup> of March 1932 during the great depression at Boolaroo near Clare in South Australia. He attended university and teachers college in Adelaide and began his teaching career in 1954. He is married to his wife of 63 years Irene and they have 3 children.

Throughout his career he has moved to several country schools in South Australia and spent five years in New Guinea. He has always been a supporter and often initiator of new developments and volunteered to assist in developing them. He is an active church member and served as Pastoral assistant, secretary, Sunday school teacher and developed Friday night "Kids Club", he was active in many community events. By all accounts a very active generous and willing volunteer wherever he lived.

This is a sketchy introduction of Oscar before he retired and at the age of 73 moved into the Tanunda Lutheran Home, Independent Living House on the 8th of August 2005. Since then his contribution to the Tanunda Lutheran Home and the Barossa people has been outstanding for a person in the age range of 74 to 88 years

The Tanunda Lutheran Home is a large Aged care facility in the Barossa Valley S.A. The home provides a high care facility with separate palliative care and a dedicated dementia wing for permanent residents. The Home also offers 96 independent 2 to 3 bedrooms units for healthy retired people who wish to live independently in a village atmosphere. The units are in 12 groups of an average of 9 units per group.

Eight of the groups are close to the main home the other four are located up to two or three kilometres from the home but located within Tanunda. They are all maintained by the TLH Staff and use the Home's facilities. They are run by a committee composed of a representative from each area that meet on a monthly basis.

Oscar became Chair person of this committee in 2005 until 2014 and then stepped down to vice chair person until 2020. And has now retired due to physical problems in his legs restricting his activity.

Unfortunately, due to death of partners, several independent residents were living on their own and were left without a vehicle or could not drive. Oscar personally volunteered to arrange the Home's bus each Wednesday and drove these people into the Tanunda or Nuriootpa shopping centre on alternate weeks. Then returned all the people back home after shopping, He provided this service giving his time and expertise for 14 consecutive years 2005 to 2020.

There is an average turnover of 9 years occupancy for each independent living unit. As new residents moved in Oscar as chairperson would greet all the new arrivals and arrange a social introduction to the particular group they were joining.

Oscar was on the sub-committee representing the Independent Living units at meetings with the management on significant changes to the units and any negotiations on financial charges and fees.

The committee is involved in organising events such as Christmas parties, and other seasonal activities, fund raising and general functions in their areas. Oscar is always an enthusiastic participant and enjoyed being the cook at the regular barbecues. He has never been paid for any of this work.

Oscar was always looking for interesting events for the residents and personally organised many outings for them. Examples are he arranged to take bus trips to the Lobethal Christmas lights on three consecutive years. Lobethal is a town in the Adelaide Hills, the community arrange to light up their town each Christmas the event is an impressive display, pamphlet enclosed. He also arranged bus trips to Loxton, approximately 150Km from Tanunda, to visit the St Peters church to see the Christmas play "Little Town" written by John Gladigau with a different theme each year. Oscar arranged the trip on three occasions, including a meal.

Since joining the Independent Living residents committee 15 years ago Oscar has given very generously of his knowledge and time without any fiscal reward.

Outside of the Tanunda Lutheran Home Oscar has been volunteering for other community groups that help unfortunate people.

The Barossa Council have a Community Cars arrangement that provides cars to take people who are sick and need to travel to Adelaide to consult with specialists or for medical treatment but have no means of transport, cannot drive themselves and/or are financially unable to pay. They are charged a nominal fee and the Council used unpaid volunteers to drive the cars to Adelaide and return, a round trip of 162 kilometres.

Oscar volunteered to drive and has an impressive record. Over a period of 14 years 2005 until 2019 he made 221 trips to Adelaide, 35721 kilometres, 1232 hours. (Figures provided by Barossa Council)

Often there were more than one passenger in the vehicle. So the trips involved visiting more than one clinic and collecting the passenger after each visit in order to bring them all back to the Barossa. Again showing a dedication to help unfortunate people.

Oscar also volunteered to assist the Barossa Enterprises who provides meaningful employment for over 100 people with disability. It is necessary to provide suitable transport for several of these people so that they can attend their place of employment.

Oscar Joppich volunteered to drive them on one day per week. This involved him driving from Tanunda to Nuriootpa to pick up the modified bus. He then drove it back to Tanunda to collect the disabled people and their equipment, and others from Nuriootpa, on route back to Barossa Enterprises to have them ready for work at 8.00am.

Then he returned to Barossa Enterprises at 3.45 pm when they finished work, to take them home again bringing the bus back to Nuriootpa at 4.30pm. Oscar did this using his own vehicle to get to and from Barossa Enterprises a 21 Kilometre trip twice per day at his own expense. For a 5 year period between 2013 and 2018.

Oscar is a very modest and sincere person, and has been wonderfully supported by his wife Irene throughout his life. One of the referees describes him as the most Christian Christian she has ever met.

Oscar is a modest and inspiring person for his age. He considers growing old presents opportunities and is a wonderful example to all volunteers. He has put the **care** into "Aged Care" I feel he deserves recognition for his unselfish service to less fortunate people.

Artwork: Care for Country by Maggie-Jean Douglas-Bobbs-Gubbi

When creating 'Care for Country' I kept in mind that this meant spiritually, physically, emotionally, socially and culturally – I chose to create a bright, and vibrant artwork that included the different colours of the land but showed how they come together in our beautiful country and to make people feel hopeful for the future. I've included communities/people, animals and bush medicines spread over different landscapes of red dirt, green grass, bush land and coastal areas to tell the story of the many ways country can and has healed us throughout our lives and journeys.

We have been really pleased to see staff, visitors and Independent living residents support this initiative and have also donated their bottle tops.

A few important points — Please ensure that all bottle tops are clean and are not soiled

- ✗ Metal lids (wine lids) are not part of this initiative and can not be accepted
- ✗ Lids off of jars and other items are also not appropriate such as vegemite lids and chemical tops.
- ✗ Small lids from soft drink bottles are also not accepted

- 3lt milk bottle tops
- Large Juice bottle tops
- Large flavour milk tops

# VOLUNTEER NEWS

## Message from Belinda Lifestyle / Volunteer Coordinator

Our Knitting Group Volunteers along with some of our residents; donated a surplus of blankets that we had in the home to the Lutheran Care Elcies Op shop in Tanunda. After a recent call out they had for more winter items. Thank you to the many people Who have made and donated blankets Throughout the year.

## Volunteering

If you would like to become a volunteer at TLH please either send me an email at [belinda.treloar@tlhome.com.au](mailto:belinda.treloar@tlhome.com.au) or you can call reception.

# Happy Birthday

To all of our wonderful Volunteers  
for the month of

# JULY

## Volunteers Information

# THANK YOU FOR VOLUNTEERING

"VOLUNTEERS DO NOT NECESSARILY HAVE  
THE TIME; THEY JUST HAVE THE HEART."  
- ELIZABETH ANDREW

We are still looking for some extra special people to help us with the STV; driving residents to and from appointments and some CARE helpers. If you think you have some extra free time and would be able to assist please give me a call or send me an email.
