Chaplain's Reflection

It might just be my imagination, but I swear the roses are bigger this year. There's endless beautiful roses in so many gardens, including my own (scrub the 'endless' bit), and the conditions seem to have been perfect for the production of these gorgeous blooms. Check out the car park rose garden if you haven't already done so. Smell a rose if it's been a while.

One of the aims of growing roses, I'd imagine, is to get the flowers to hang on in their perfect state just that little bit longer, before a hot wind, or incessant rain wrecks the whole thing. A bit like people really. We hang on that bit longer, hoping for ideal conditions that will prevent us from 'dropping off the perch' too soon, or at least finding ourselves in a nursing home. And people who arrive at TLH often express the feeling that they were doing so well, and they are so annoyed that they had that fall, or got sick, and now they are in the clutches of the aged care system. Like a wilted rose, past its prime, just hanging on.

OK, that's where comparisons with roses end. We fall. We rise again. Starting a new life, finding our equilibrium again, even in a new place that seems so unfamiliar. New petals grow. New beauty emerges. Even in the least promising of circumstances. And then there's eternity. So a flower blooms once and it is gone. People bloom many times and the best bloom is always ahead. Nursing homes are sometimes called 'God's waiting room'. Well, you could say that about life at any age. I prefer to think that God is with us at all times, in the moment, not waiting for us or us for him. So our Vision is to be dedicated to making every day the best it can be by providing spiritual and physical care in our loving Christian community. Any day has the potential to be one of our best. But it's always been like that hasn't it? Enjoy what's left of Spring. It's been a beauty!

Chaplain Ian.

From the CEO

Lee Martin

Are you enjoying the wonderful spring weather? I'm not enjoying the hay fever – it seems like everyone is suffering from the sneezes & itchy eyes.

I know I have discussed it before, but I do want to talk about change. In the aged care industry, we all must show what we are doing to improve things – this means changes are always happening. At our Home we are always striving to meet everyone needs, likes and dislikes. To gain more insight as to how we are doing as an organisation we are having a meet and greet day in the Nuriootpa Coop Mall. We will be asking questions and recording answers from those who choose to speak with us. The answers will be collated and reviewed to guide the strategic planning process.

Over the coming weeks there will be some changes occurring around the Home. The Robots are arriving. To ensure the robots can move about the Home a few doorways will be altered and some cupboards will have special doors fitted. We have been talking to a number of researchers who specialise in robots – a couple of small projects will occur involving the residents, families and staff. Please assist with the surveys that may come your way.

We all here at the Home do hope you have seen the growing number of farm animals. The latest being the cow. The residents love looking at the animals as it brings back nice memories of their younger days. We are raising fund via various methods to expand the number of animals – please assist if you can. If you would like to donate, please reach out to Belinda Treloar. You do need to keep an eye on the animals because they do move around a lot – you may find them anywhere within or even outside the Home.

We have been very lucky over the past weeks to employ several new staff. We are always on the lookout for people who have completed nursing qualifications or aged care courses. If you know any body or there's someone in the family looking for regular work, please give us a call. There is information on our web site that may assist and a form to complete to apply. We welcome all our new staff and thank them for choosing TLH to work.

The year is skipping past very quickly, soon it will be Summer and Christmas. Please ensure you plan ahead and do the shopping early to avoid the rush. Do not forget if posting things – the post office is always very busy – post early to ensure your gifts get there on time. Then there's the warmer weather. Make sure the air-conditioner works – if any issues let the maintenance team know so they can have a look at it. Start drinking more fluids – stay hydrated.

In the month of November the Board and senior staff are attending Strategic Planning sessions. If you have any ideas about the future of the Tanunda Lutheran Home Service, please let me know. Send me an email or write me a letter – I would like to see your ideas. We are looking at building a new aged care facility in the future – that will be a big change for us all to deal with.

All our projects are going well. The Langmeil Road units are nearly finished – a new road will be completed soon. The units at Nuriootpa are well on there way and sales are doing well even before they're built. Work will commence soon on the four extra rooms on the ABG building to ensure we always have enough single rooms for everyone when they agree to stay with us.

Finally, a big thankyou to everyone for remaining positive and helping. TLH is blessed by the attitude and professionalism of the volunteers and staff. Keep up the great work.

Please remember, wear a mask wherever you go, wash your hands frequently and use sanitizer often.

Quality Information

from Sharon & Steph
Care Manager &
Quality & Training Officer

MANDATORY VACCINATION OF RESIDENTIAL CARE STAFF IS NOW IN EFFECT

The Interactive Map will now be updated weekly (Wednesdays) and include reference to second dose rates.

Ensure your workers receive their second dose vaccination

All providers and facility managers and IPC leads are responsible for ensuring their workforce have access to and receive a second dose of a COVID-19 vaccine by the deadlines in respective [public health orders](#).

All facilities which received a first dose in-reach clinic for workers (delivered by Commonwealth vaccine providers, primary care providers or aged care providers) will receive a second dose clinic for workers onsite.

Commonwealth vaccine hubs will continue to operate to provide second dose clinics for workers and these details will be provided directly to facilities.

All other vaccination channels remain available for priority access for residential aged care workers to receive their second dose vaccination, including primary care clinics, pharmacies, Commonwealth vaccination clinics and state and territory run mass vaccination clinics.

DH has published [updated schedules for in reach for second doses](#) and details of [Commonwealth vaccination hubs](#).

An updated [fact sheet](#) has been published by DH for residential aged care workers

Source: LASA Health Update 258— Email, 19 October 2021

MONITORING AND COMPLIANCE ACTIVITIES

The Department will take a proactive approach in contacting facilities directly to:

- ensure continuity of resident care standards as a priority
- understand the reasons for non-medical exemptions or unvaccinated workers
- provide advice on the availability and access to a vaccine for unvaccinated workers
- provide advice on exemption requirements for the relevant state or territory public health order,
- and how to report exemptions correctly in the My Aged Care provider portal.

Providers have clear obligations under the public health orders to ensure accurate workforce vaccination reporting and record keeping processes are in place.

If contacted, facilities will be required to advise the Department of their strategy for addressing non-medical exemptions and increasing vaccination rates, including a plan to ensure all current workers not yet vaccinated receive a minimum first dose COVID-19 vaccine as soon as possible.

Your strategy should consider overall vaccination rates at your facility, roles undertaken by unvaccinated workers, the transmission risk in your local area and other measures in place to prepare and manage the risk of COVID-19.

The Department has advised that facilities that do not have a 100% vaccination rate and who do not demonstrate that sufficient action is being taken to reach full compliance will be referred to Aged Care Quality and Safety Commission and/or State authorities. This may result in the imposition of penalties as applicable under public health orders.

VACCINATION FOR HEALTHCARE WORKERS

The [Emergency Management \(Healthcare Setting Workers Vaccination\) \(COVID-19\)](#)

[Direction 2021](#) came into effect at 5.00pm 7 October 2021.

The Direction places COVID-19 vaccination requirements on all people working in a public hospital, private hospital or ambulance service, including patient transport service in South Australia. A public hospital includes all services provided by a Local Health Network, not just those physically located in a hospital.

The Direction applies to all people engaging in work or duties in one of the above settings, including clinicians, ambulance workers, allied health workers, cleaners, administrative and executive staff and students undertaking placement regardless of whether they work in a patient or a non-patient area. It also includes volunteers and contractors.

From 12.01am on Monday, 1 November 2021 any person outlined above must have:

- received at least one dose of a TGA approved COVID-19 vaccination received or has evidence of a booking to receive a second dose of a TGA approved COVID-19 vaccine within one month of the first dose.
- provided the operator of the health care setting with proof of their vaccination status upon request.

SIRS PRIORITY 2 INCIDENTS NOW NEED TO BE REPORTED

The commencement of the next phase of rollout of the Serious Incident Response Scheme (SIRS) signals another important step for the sector towards ensuring that aged care residents are safe and protected from harm.

Since 1 October, residential aged care providers are required to report Priority 2 incidents on the My Aged Care Provider Portal, in addition to Priority 1 reportable incidents (which have been reportable since 1 April). Priority 2 serious incidents in general are lower impact events or incidents, and are defined as reportable incidents that do not meet the criteria for a Priority 1 reportable incident.

If a reportable incident occurs, or is alleged or suspected to have happened, the provider must immediately take action to ensure the safety and well-being of those involved.

The priority of the incident determines when it must be reported to the Commission. Under the SIRS:

- **Priority 1** reportable incidents must be reported **within 24 hours**.
- **Priority 2** reportable incidents must be reported **within 30 days** of a provider becoming aware of the incident.

Providers must report incidents via the SIRS tile on the [My Aged Care service provider portal](#). For more [information about the portal](#), visit the Department of Health website.

CONTINUOUS IMPROVEMENT

- Continue to watch this space regarding the TLH Robots!
- Stage 3 Complete for the new WIFI is being installed throughout TLH.
- Neighbourhood dining rooms are undergoing review to provide a homely and inviting atmosphere
- UniSA Occupational Therapy Students are onsite for a 12 month period to conduct a wellbeing project which will see the Waratah activity & balcony space upgraded.

TLH are working with the Grow Love community Gardens and sorting bottle tops for recycling.

We have been really pleased to see staff, visitors and Independent living residents support this initiative and have also donated their bottle tops.

A few important points — Please ensure that all bottle tops are clean and are not soiled

- ✗ Metal lids (wine lids) are not part of this initiative and can not be accepted
- ✗ Lids off of jars and other items are also not appropriate such as vegemite lids and chemical tops.
- ✗ Small lids from soft drink bottles are also not accepted

- 3lt milk bottle tops
- Large Juice bottle tops
- Large flavour milk tops

The lifestyle team are looking for donations of good quality clothing for a clothing exchange that is being held at the end of the year. If you would like to donate please drop clothing to the lifestyle team office or reception. Thank you for your on going support.

Collaboration Committee

We are looking for 2 new members to join the Resident Collaboration Committee. We are needing a representative from Trinity Court and a representative from Waratah. If you think you would like to join the committee please contact Stephanie Timmis or let one of the friendly staff know. Meetings are held on the 2nd Thursday of every month at 1.30pm.

Rental Opportunities

*Recliners - Fridges -
Carparks*

Recliners - If you don't have a recliner or your waiting on a delivery, we can offer recliners for your comfort.

Fridges - If you would like a small fridge or a larger fridge, we can offer what suits your needs.

Car parking - Residents with a car, we can offer you a reserved park .

Chairs (normal chair) - Each room is supplied with one normal chair, if you are wanting more chairs for visitors or family, you will need to supply them, (folding is a good option, so not to take up room in residents rooms). With COVID-19, families are not to go into communal areas to visit they must stay within the residents rooms.

For all rentals prices and agreements, please see Sharryn Hueppauff.
